Description

This is fantastic example of a 2022 Ford Focus ST-Line finished in race red, a stylish car with a 1.0L petrol engine and a sporty edge. This particular model is the T ST-Line variant, boasting the desirable ST-Line trim. It comes equipped with the optional power boot lid / tailgate and several features designed for convenience and comfort, including automatic headlights that switch on and off as needed, and the Ford Key Free System, offering keyless entry and start. The full fixed LED headlights, complete with LED daytime running lights, provide excellent visibility. For climate control, the car features DEATC - Dual-Zone Electronic Automatic Temperature Control. Having had only one owner and driven a low mileage of 17700 miles, this Focus is ready for its next adventure. This Focus stands out with its impressive fuel economy of 52 mpg, meaning fewer trips to the petrol station and more money in your pocket compared to similar vehicles. The low CO2 emissions contribute to reduced road tax and a smaller environmental footprint, making it a responsible choice. The generous boot space offers practicality for shopping, luggage, or anything else you need to carry, making it more versatile than other cars in its class.
